

9325 1000A AC/DC True RMS Clamp-On Meter

Double insulated housing with built-in NCV (Non-Contact Voltage) tester

Features:

- 1.5" (40mm) Jaw opening fits conductors up to 500 MCM
- Measures Current, Voltage, Resistance, Temperature, Capacitance, Continuity, Diode Test
- Large backlit easy-to-read 6000 count LCD display
- Auto Power Off and low battery indicator
- Auto and manual ranging with min/max hold
- Double insulated housing is splash proof, dust proof and drop resistant
- Well suited for a variety of industrial and residential applications such as security, electrical, HVAC installations and more.
- Includes test leads, Type K Temperature probe, 9V battery, and case
- Optional model complete with Certificate of Traceability to N.I.S.T.
- 3-year warranty

Specifications

True	True RMS 6000 with analog
RMS/Averaging	bargraph 1.5" (40mm) 0.1 to 1000A
Display Counts	±2.8% 0.1 to 1000A 1mV to 600V
Clamp Size	1mV to 600V 0.1Ω to 60MΩ -4 to
AC Current	1400°F (-20 TO 760°C) 0.01nF to
ACA Accuracy	4000µF 0.01Hz to 10kHz 0.1 to 99.9%
DC Current	CAT III-600V 9.5 x 2.75 x 1.5" (232 x
AC Voltage	77 x 39mm) 11.2oz (271g)
